

TV170x220/320 Madrid/Monaco, Cutting table, flat top.

This table can be tilted and wheeled.

An ideal desk for small and medium glass processor.

It may also be used as a mounting table in the wood and plastics industries.

The table comes in sizes 170x220 cm and 170x320 cm.

Tilting done using a foot pedal and manual power.

The set pins are made of small round tubes to be inserted underneath.

There is at the bottom of the table present a stock rack for setting pins. You

can place the table horizontally and lift it easy on one side moving like a wheelbarrow.
